Name: $\qquad$ Section: $\qquad$ More Graphing

Directions: Graph the following data tables using the appropriate type of graph. Be sure to: provide a title, a label for the $x \& y$ axis, a key (if necessary), and an appropriate number scale.

1. Display the data in a multiple line graph.

How Much Beef and Chicken Do Americans Eat Each Year? (Pounds per person)

| Year | Beef | Chicken |
| :---: | :---: | :---: |
| 1989 | 65 | 41 |
| 1990 | 64 | 42 |
| 1991 | 63 | 44 |
| 1992 | 63 | 46 |
| 1993 | 62 | 49 |
| 1994 | 64 | 50 |

2. Sports: Use the data below to create a bar graph that gives the visual impression that Pete Sampras earned many times more money than Andre Agassi and Steffi Graf.

## 1995 Professional Tennis Winnings

| Pete Sampras | Andre Agassi | Steffi Graf |
| :---: | :---: | :---: |
| $\$ 5,415,066$ | $\$ 2,975,738$ | $\$ 2,538,620$ |

3. Sports: Display the data below in a multiple line graph.

Average Annual Salaries for Professional Athletes (thousands of dollars)

| Sport | 1990 | 1991 | 1992 | 1993 | 1994 | 1995 | 1996 |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| Football | 365 | 425 | 492 | 683 | 636 | 714 | 765 |
| Baseball | 598 | 891 | 1,029 | 1,076 | 1,168 | 1,111 | 1,120 |
| Sources: NFL Players Association and MLB Players Association |  |  |  |  |  |  |  |

4. Using the data at the right, make a line graph that shows how the recycling rate has varied. Use a break symbol.

## Recycling of Soft Drink Containers

| Year | $\%$ <br> Recycled |
| :---: | :---: |
| 1990 | 52.4 |
| 1991 | 54.1 |
| 1992 | 60.0 |
| 1993 | 57.6 |
| 1994 | 60.6 |
| 1995 | 57.4 |
